DETAILED ACTION

Response to Amendment

In response to applicant's amendment filed 6/25/2007 the specification's paragraphs [0004] and [0010] and claims 1-2, 4-5, 9-11, 13-14, 16-18, 21-22 have been amended. Claims 1-24 are pending.

Response to Arguments

Applicant's arguments, see remarks, filed 6/25/07, with respect to claims 1-24 have been fully considered and are persuasive. The rejections of claims 1-24 have been withdrawn.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 12, 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 12 recites the limitation "the optical add delete multiplexer" in line 5. There is insufficient antecedent basis for this limitation in the claim. Did applicant mean for claim 12 to depend on claim 11 instead of claim 9?

Claim 24 recites the limitation "the first DWDM multiplexer" in line 1-2. There is insufficient antecedent basis for this limitation in the claim. Did applicant mean for it to be --the first multiplexer-- instead?

Allowable Subject Matter

Claims 1-11 and 13-23 are allowed.

Claims 12, 24 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter:

Applicant argued persuasively that "In contrast, the cited art does not appear to teach or suggest selecting **pluggable** transceivers to scale the channel density of the CWDM infrastructure according to use of a network. "

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
